EDUCATION

The University of Iowa | Iowa City, IA — Anticipated May 2026

B.B.A. Finance; B.B.A. Business Analytics & Information Systems

GPA: 4.08; President's List: Spring 2025 - Present

WORK EXPERIENCE

Business Analytics Consultant (Capstone Project) | *College Raptor* | Iowa City, IA — January 2026 - Present

- Partnering with the College Raptor development team to design a generative AI solution automating the creation and modification of college net price calculators
- Building AI-driven workflows transforming institutional financial aid data into structured Excel models and C# backend code
- Targeting a 75% reduction in manual processing time, decreasing the update cycle from 8 hours to 2 hours per college
- Presented findings and implementation roadmap to corporate stakeholders

Grader – Digital Product Management | *Tippie College of Business* | Iowa City, IA — January 2026 - Present

- Grading assignments and projects using standardized rubrics to ensure consistent, fair, and timely evaluation
- Managing grading workflows in ICON, maintaining accuracy, confidentiality, and FERPA compliance
- Collaborating directly with course instructor to resolve complex grading cases and maintain academic rigor
- Reviewing solution sets and course materials to ensure alignment between grading criteria and instructional objectives

Theatre Staff | *B&B Theatres* | Ankeny, IA — June 2025 - August 2025

- Streamlined ticket and concession transactions, ensuring accurate reporting and efficient revenue tracking
- Collected and analyzed customer feedback to improve service delivery and operational efficiency
- Maintained compliance with health and safety standards while optimizing workflow in high-volume environments

Front End Team Member | *Menards* | Ankeny, IA — October 2022 - August 2024

- Managed customer inquiries and guided purchasing decisions using product knowledge to drive satisfaction
- Tracked and reconciled transactions to support accurate store financial reporting
- Efficiently operate front-end processes to enhance customer experience

COLLEGE ACTIVITIES

Participant | *National Collegiate Sports Analytics Championship* | Nashville, TN — February 2026

- Selected to represent the University of Iowa in a national-level sports analytics competition where we placed fifth as a team
- Analyzed real sports–business datasets and develop data-driven insights to address complex analytical prompts
- Delivered a 5-minute presentation to a panel of industry professionals, evaluated on statistical analysis, data visualization, actionable insights, communication, and integrity
- Competed alongside undergraduate and graduate business analytics students from universities nationwide, applying quantitative and visualization tools in a competitive environment

Member | *HawkTrade* | Iowa City, IA — September 2023 - Present

- Attended weekly meetings to communicate findings in current investment markets
- Analyzed investment recommendations based on current financial trends
- Engaged in a competitive MarketWatch trading challenge, monitoring volatility, adjusting allocations, and tracking performance metrics

Member | *Tippie Honor Society* | Iowa City, IA — February 2024 - Present

- Collaborated with fellow society members on ways to serve college and community
- Developed ways to expand the society's outreach in social, service, and professional aspects
- Planned social events to promote society fellowship
